DALLAS'
WAY
BACK
HOME

The Bridge provides a dynamic entry point for homeless individuals to access multiple services in one centralized site in the southern area of downtown Dallas.

Opened in May 2008, the Bridge is a multi-purpose facility dedicated to serving homeless individuals, with the primary focus being the chronically homeless. Based on a unique Public-Private Partnership, the funds for construction were generated through a \$23.8 million City Bond Program passed in 2005. The annual budget is uniquely funded through public funds and private donations. Services at The Bridge are managed through a private, non-profit organization, Metro Dallas Homeless Alliance.

The Bridge's service model is a state-of-the-art facility and is based on three years of research and observation in order to learn from "best practices" around the nation.

DALLAS' WAY BACK HOME

The Bridge is a unique multi-service campus

19 Metro Dallas Homeless Alliance (MDHA) organizations collaborate to provide services at The Bridge.

The Bridge is a unique multi-service campus providing a continuum of care developed to engage people experiencing long-term homelessness in both emergency care and housing and transitional care and housing, in one location.

Transitional services are available to people residing at The Bridge as well as to people residing in emergency housing throughout the Dallas area.

52 MDHA organizations collaborate to provide outplacements into transitional, permanent, and permanent supportive housing for people experiencing homelessness accessing services at The Bridge.

Your donation can help change the lives of those who are homeless. To make a donation, go to www.mdhadallas.org or call 214-670-1142.

EMERGENCY CARE & HOUSING

The Emergency Care and Housing program acts as a drop-in shelter for people experiencing long-term homelessness.
